

UBIQUE 6

The magazine of the Estreham - Livingstone Venture Scout Unit.

G.P.O. registration still not known, and is never likely to be known, so we applied for a colour television license instead.

Ubique comes to the surface from the depths of the underground press for the sixth time since the two Units amalgamated 2½ years ago.

The last edition was prepared rather quickly, coming out just before Christmas last year. In this edition, the editorial staff have tried to improve the general standard of the printing of each page and hope that this makes Ubique more presentable.

At the present moment Ubique is published for a very small outlay. The time will come when the printing costs will have to be met in full. A year and a half ago, there was an appeal in Ubique 3 for donations to meet the printing costs, unfortunately this appeal was unsuccessful, so therefore the Unit committee decided to make a nominal charge of 3p for the magazine. This we hope will cover any future printing costs. Donations for the magazine will also be welcome.

Editor.

I am sure that many of you in the Unit enjoy reading the magazine, and many of you will have heard my regular appeals for articles, and surely you the reader must realise that if there are no articles there can be no magazine. So let's have some response from you, after all it is your magazine.
